

## Forces and Motion

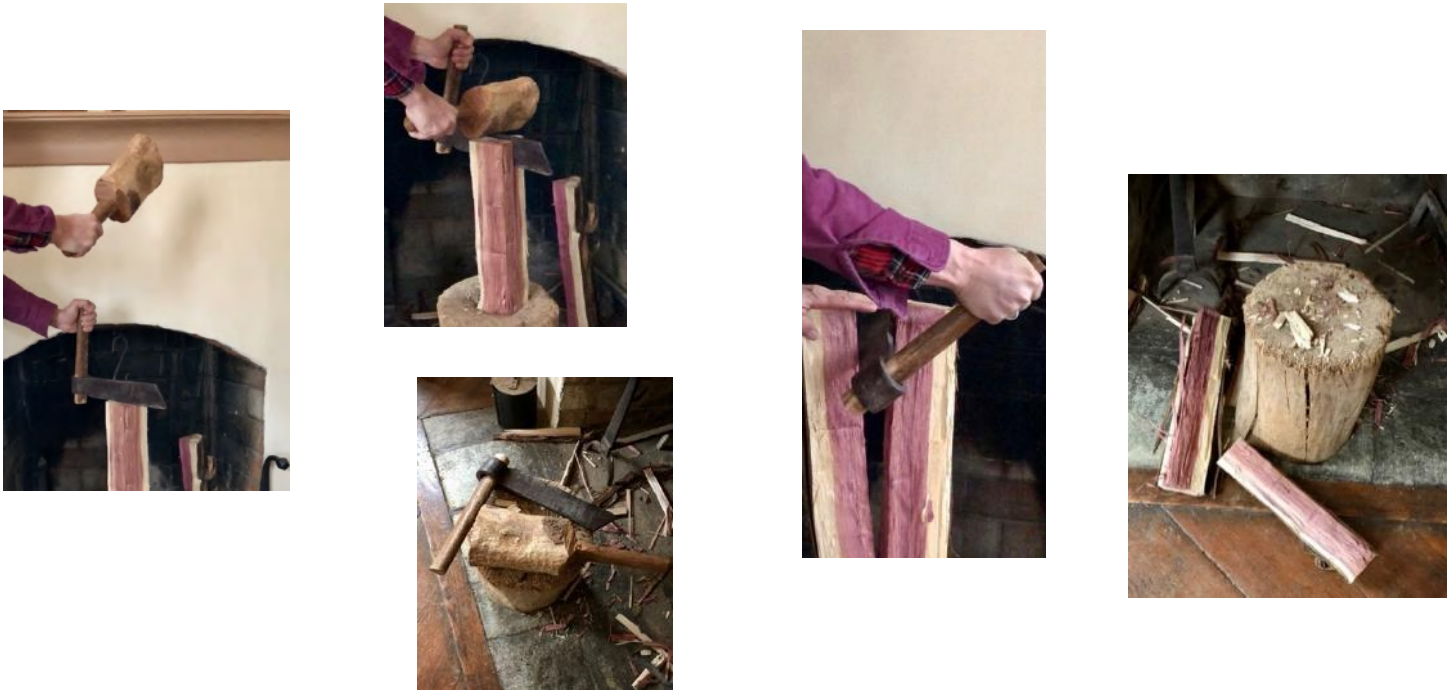

Grade 1 Science

Name: \_\_\_\_\_

Date: \_\_\_\_\_

### Activity 1:

In the video joiner Ben was using tools called a froe and maul to help him split the wood. Circle the pictures where a force has been applied.

### Activity 2:

Split the log yourself! Make a log with play dough, use your fist as the maul and a plastic knife as the froe. Use the same forces that you watched in the video.
